Hi Mr. Evans,

At our office, a full-day Praxis preparation workshop (which includes lunch and materials) costs \$275 per participant. We are looking at the calendar now and deciding on the best dayes to offer. We want to be mindful of end-of-school year dates, school opening dates, etc. Any advice you can offer would be appreciated.

There's also an option in which we travel to the school/district. The fee is \$225 per participant with a minimum of twenty participants. Materials included.

Sheba

Good morning Mr. Evans,

Just wanted to share that we will be opening an office in Rocky Mount and are exploring the possibility of offering Praxis workshops this summer. Also, do you know the dates of the conference nectar spring?

Thanks.

Sheba
